Chickamauga's National Park Entirely Dedicated.

BIG MILITARY DEMONSTRATION.

A Monster Parado in Which Many of the Veterans of the War Took Part-Closing Exercises Heid lu the Mammoth Tent. General H. V. Boynton Remembered by a Handsome Present.

CHATTANOOGA, Sept. 21.—The proceedings of the third and last day of the dedication of Chattanooga and Chiekamauga National Military park were the mest attractive of the series. There was nothing going on at the battlefield, and every one's attention was centered upon the meeting in the city teut. The military demonstration by the regulars and state militia in eamp here drew to the city many residents of the surrounding territery who have not previously been present. The processien was characteristic of the occasion. First came a platoen of pelice and then the United States troops, foot and artillery, in camp at Chickamanga park, under command of Colonel Poland. These numbered, all told, about 1,200

There were buttalieus from the Sixth, Fourteenth and Twenty-third infantry and Battery F, Fourth artillery; the Ohio national guard, with Governor Mckinley and staff at the head, including companies from Cleveland and Columbus, the latter on bicycles; Capital City guard of Georgia, Captain W. S. Hewett community. This troop marched to the dedication from Atlanta, arriving here Tuesday. Then came the national guard of Tennessee, Colonel I. P. Peters commanding. A company of this body which attracted company of this body which attracted much attention was Captain Carnes' battery of Memphis, composed exclusively of Confederate veterans. The rear of the column was under command of Captain H. F. Phillips.

The procession marched through the principal and resident streets to Grant university, in front of which the reviewing stand was creeted. The streets

viewing stand was erected. The streets were decorated with great profusion of the national colors in all conceivable designs, and, as the troops marched under and by them, they were accom-panied by almost constant cheers. General J. S. Fullerton, president of the park commission, was grand mar-

At noon began the exercises in the tent intended to commemorate, in cennection with the dedication, the battle of Chattanooga proper. Vice President Stevenson presided.

The proceedings were opened with prayer by Rev. Samuel J. Nichol s, D. D., of St. Louis. Hon. George W. Ochs, Chattaneoga's executive, wel-

comed the visitors. When the applause following Mayer Ochs' speech had ceased, Senator Bate of Tennessee delivered an eloquent oration. He was heartny applauded. Next there was music by the band and then General Charles Grosvener of Ohio spoke. He was frequently interrupted by applause. The meeting then ad-

Barnum's tent was filled again at night. There was a gathering there of the survivors of the Army of Northern Vicginia and that portion of the Arm of the Potomac which fought at Chie. .manga. General E. C. Walthal of Mississippi presided.

Colonel W. C. Oates, governor of Alabama, was the first speaker and he was greeted with enthusiastic cheers. Colonel J. A. Williamson of New

York, and Colonel L. R. Stegman of New York also spoke, after which the meeting adjourned.

At noon yesierday the citizens of Chattaneoga para their compliments to General H. V. Boyton, who originated the idea of making a national park of the battiefield of Chickamauga. A number of citizens, headed by Captain H. D. Champers, chairman of the executive committee of Chattaneoga, and Hen. Adolph Ochs of the Chattaneoga Times, went to the general's office in the government building, and presented him with a silver dinner set, containing 225 pieces. It was a complete surprise to the venerable veteran, and he was so evercome that he could searcely express his thanks.

A reception was tendered the vice president, General Schofield and the visiting governors at the Read Honse last night. The following were present: Vice President Stevenson, General Schofield, Governor McKinley of Ohio, Governor Rich or Michigan, Governor Greenhalge of Massachusetts, Governor Oates of Alabama, Governor Turney of Tennessee, Governor McIutyre of Colorado, Governor Holeonib of Nebraska, Governor Morrill of Kansas, United States Senator Bate, Congressman Benton McMillan, General Grosvenor and other distinguished men.

A battalion of the Tennessee guard of Chattanooga stood with the vice president, and prominent citizens beside each of the guests. For two hours a solid mass of humanity poured by, and all were introduced, and fully 5,000 men and women shook hands with the distinguished party.

STARVING, SHE STOLE.

A Pitiful Story Caming Up From Tennes-

see's Capital. NASHVILLE, Sept. 21.-Mrs. Nellie Reach, n white woman, was arrested yesterday and locked up for breaking into a house and stealing a watch. The story is a pitlful one. Some months ago, she, her husband and infant child, came to this city from the country. They could not get work, and on

Wednesday they were in a starving condition. Made desperate by hunger she entered her neighbor's house and took a watch, which she pawned for a pittance, with which she bought food for herself and family. She acknowledged the deed, and it is thought will not be prosecuted.

SCHOONER SEIZED.

It Is Believed to Be Part of a Cuban Fill bustering Expedition.

KEY WEST, Sept. 21.—The revenue cutter McLane, acting under instructions frem Deputy Collector P. T. Knight, whlle cruising from Bahia to Key West came across the schooner Antienette with seven Cubans and two Americans aboard. The Cubans were secreted in the hold and had two revelvers, one shotgun and a small lot of ammunition, surgical instruments, medicine, e.c.

When sighted the sehooner attempted to evale the cutter's launch, but running ashore on a saudbar was easily captured and brought into port. Those aboard the schooner appeared to be men of intelligence, one of them being a docter. This is no doubt a pertien of the expedition which was to join these on the selection which was to join these on the selector Lark, cuptured last week at Big Pine Key by the cutter Winena, and who were, ufter meeting them, to proceed in a body to Cuba.

CHARLESTON, W. Va., Sept. 21.-Sheriff Himman of the Fayette company was here yesterday from the Loup creek region where a strike is in progress and reports overything very quiet. He states that of the 1,000 men employed in the six coal works, about 600 are at work, and while the New river namers are there in numbers trying to persuade the Loup creek men to stop work, yet their conduct is not such as to violate the laws or to require the presence of the milltia.

R. G. Dun & Company's Weekly Business Report.

PRICES ARE VERY UNSETTLED.

Advance and Fall in Wheat, Also in Curn. Baom in Iron Stopped-The Exparts of Gold Does Not Cut Much of a Figure lo Business-Fallures of the Week-Report in Details.

NEW YORK, Sept. 21.—R. G. Dun & Company s weekly review of trade says: In spite of gold experts wheat advanced for some days, in all nearly 2 cents, mainly because a single speculator bought, but on Friday fell about 1 cent. Coru rose and fell in sympathy with wheat, with as little reason. Western Wheat receipts for three weeks of Scptember have been 16,891,660 bushels, against 16,694,629 last year, while Atlantie exports, flour included, have been 3,941,693, against 7,621,986 last year.

Good reports of fereign crops, weakness of fleur in Minnesota and large exports of corn from this country, all werk against a rise in wheat, though work against a rise in wheat, though scarcity in contract grades may held a speculative advance. Pork products have been reasonably yielding with prospects of a large corn crop, but before the close had a stronger tone. The cotten market, lifting and faling a fraction each day alternately wows no settled tendancy big stocks belancing settled tendency, big stocks balaucing an undenbted, but as yet net definite increase in yield.

The surprising increase in production and advance in prices of iron seem to be bringing a natural cheek, as prices have gone so high as to cause some purchases from Europe both of pig and finished products, and have also caused a distinet shrinkage in home demand. Pig beught at Middlesbero for America, and fereign ore ordered in large quantities to make iron in eastern furnaces, have depressed Bessemer at Pittsburg to \$16.90, though gray forge is higher, it

Lake ore and freights have advanced, and the beginning of a strike of Connellsville covo workers will tend to prevent reduction in prices, unless soon stopped by the concession of the 11 pecent advance in wages demanded. While the coke production is very large and contracts for the year are made at \$1.30 for inpurce.coke, which sold early this year below \$1 per ton, it is believed that higher wages can be paid without affecting the market for finished products, have advanced still more.

Refined bar is quoted at 1.45 and tank steel at 2 cents at Philadelphia and the Cincago, Sept. 21.—Such a heated combination has raised cut nails 2 cents and 53 1-2 per cent since the lowest point last danuary and is now higher operation have orders enough for some months, though a present decrease in demand is admitted.

Leather has advanced in some qualities though the rise of 51 per cent for the first half of the year on 16 qualities has been followed by only 2 per cent since July I, and this week a break has occarred of 2 cents in union erop. Hides are 8 per cent lower than in July. The cotton mills which laid in stocks

of cotton below 6 cents are onriched h the advance in material and enabled make frequent advances in goods, which are sustained. The present demand .. dull, but there are no reports of stoppage, and the threatened strike at Fall River does not come.

The woolen manufacture is doing well in dress goods and hosiery, but the demand for men's woolens is much restricted and a few mills have closed. Sales of wool are smaller than last year, and for three weeks only 17,133,476 pounds, of hich 7,178,370 were forelgn, agains, 24,572,400 pounds in 1899 of which 7,614,000 were foreign. Price of foreign wool are so low that purchases for export have been made.

The failures this week have been 213 in the United States, against 210 last year, and 32 in Canada against 46 last

DESICCATING WORKS BURNED.

One Hundred and Fifty People Thrown Out of Work by the Disaster.

CINCINNATI, Sept. 21.—The big plant of the Cincinnati Desiccating company at Trautman's Station on the Big Four railroad was almost entirely destroyed by fire, ontailing a loss of \$100,000.

The fire was discovered by John Parker, a night watchman omployed by the company. It began in a pile of slack coal in a shed at the east ond of the plant and spread rapidly. The company has a fire department of its own, but before the ongines could arrive the fire was beyond control.

The villagers did everything in their power to assist the private firemen in extinguishing the flames, but were driven back by the intense heat as building after building caught. The buildings of the company occupied 13 acres of ground and were all well stocked. Besides the buildings 18 freighteurs belonging to the Baltimore and Ohio Sonthwestern railroad were destroyed. Fully 150 men were thrown out of employment by the fire.

Lumber Burned

GREEN RAY, Wis., Sept. 21.—The mill of the Murphy Lumber company burned yesterday. Loss, \$70,000; fully insured. The company's immense yards were threatened, owing to a high wind, and were saved with difficulty. The mill may not be rebuilt, as the company's pine is nearly exhausted, and they have recently bought extensive tluber lands in Washington state. DURANT'S TRIAL.

The Prosecution Will Be Through Direct Examination Next Wednesday.

San Francisco, Sept. 21.—The presecution in the case of Durant announced yesterday that its witnesses would be through with direct examination next Wednesday. The crowd at the trial yesterday exceeded in size that of any previous day since the case was open.

George King, the organist, was re-called for further cross-examination. After a few unimprant questions from the opposing attorneys, King was excused, to the general surprise, it having been expected that the prosecution would interrogate closely upon the alleged variation in his statements concerning Durant, made at different

Frank O. Sidewann, formerly janitor at the church, testified that on April 3, the day Blauche Lamont disappeared, the gas fixtures were in perfect order. During the last few days of March the gas company had finished some work in the church and gas escaped ne piace thereafter, except a trace which was hardly perceptible from a loose key in one chaudelier. Witness said that in the latter part of March Durant and King had put in a new lock on one of the doors, to which they only had keys. They had stated their object was to keep out of the library persoas who had no business there. The ex-janitor testing that covered times he led found the fied that several times he had found the doors in the church unlocked. He had attached no importance to their being unlocked.

Adelph Oppenheim, a pawabroker, testified that on the 4th and 10th of April, Durant came to his store and offered for sale a ring with a small chip diamend. The witness selected a ring from those identified as belonging to Blanche Lamont and said that was the ring offered by Darant. He had declined to purchase it and Darant had taken it away with him. The witness stated that since testifying at the preliminary examination he had received two letters of oring bribes to modify his testimony. One of the letters offered him \$500 on condition that he state. I on the stand that he could not positively identify Durant. He was not to see any one in connection with the bribe until after he had given als testimony, when the money would be paid to him, The second letter was of a similar character. The witness said he had turned both letters over to the police

NO REFEREE SELECTED.

Another Hilch in Arranging the Cornett-Pitzsimmons Prize Figit.

New York, Sept 21.—The impertant duty of selecting a referee for the Corbett-Fitzsinmens fight, which it was proposed to settle yesterday, has been pestponed until almost the very hour before the battle. Joe Vendig, acting for the Florida Athletic club, and Martin Jalian, the manager for Fitzsimmons, met at the office of The Police Gazotte yesterdny and decided to let the selection of a referee go until Oct. 31, when the principals, the managers and all others interested will be in Dallas.

From the lists submitted each side will agree upon the man who will decide on all the questions that may arise. Each side, according to the understanding yesterday, will submit to each other the names of four men, or more, if necessary, from which to make a selection. There was no one present at the meeting yesterday who represented Corbett.

Six Hundred and Fifty Killed or Wounded Out of a Garrison in Which Were Stationed Ten Thousand Men-Investigating the Ku-Cheng Massacres - Other Oriental Advices by the Sleamer Gaelic.

San Francisco, Sept. 21.—The steamer Gaelie, which arrived here yesterday, brought the following advices from Tokia, Japan, dated Sept. 7:

Tia-Wan-Jn, the old eapital of Fermosa and Chang-Hwa, an adjacent fortified town, were captured by a body of 2,000 Japanese on Aug. 26, after a short contest in which 24 of the assailants were killed or wounded. Of the Chinese garrisons, numbering 10,000, 650 were either killed or wounded and the remainder dispersed in various directions. The conquering army will net proceed further Southward until after the arrival of fresh troops from Manchuria and Japan. By the middle of September the entire force will exceed 50,000 fighting men. Ceunt Matsugata, minister of finance,

has resigned from the Japanese cabinet because of differences with Marquis Ito, prime minister. Viscount Watanabe, who retired from the treasury last March to make room fer Matsugata, now resumes his fermer position.

The report recently seut out frem Washington asserting that toward the close of the war between China and Japan a serious difficulty threatened the friendly relations of Japan and the United States, and that netual hostilities would have broken out but fer the sudden announcement of an Asiatie armstice, is declared by the highest authorities of Tokio to be entirely withont foundation.

The investigation of the Kn-Cheng massacres proceeds slowly, the Chinese officials seeking by every means to in-terpose delays. A few executions of real or alleged criminals may probably be ordered, and pledges of watchfulness and care will be given to any required extent by the rulers at Pekiu, but the mass of the peeple are new theroughly pursuaded that the highest provincial authorities approve the persecution of strangers and believe that they will be shielded from punishment no matter what excesses they may be guilty of. The execution of about 20 vegetarians will not materially change the senti-ment. They will be regarded as martyrs in a worthy cause. The vicercys are supreme in their domains, and so measures can be put in ferce.

MORA GETTING LEFT.

But Little Prospect of His Fingering That Spanish Gold.

Washington, Sept. 21,-The Mora claim threatens to become a second Jarndyee case. Every mail brings to the state department fresh assignments and sub-assignments, and until there is a reasonable certainty that all outstanding assignments have been heard from the department can not proceed with the division of the indemnity.

In addition to these assignment there are bread claims that threaten to give much trouble. Among these are the claim of Mora's nephew to a moiety of the indemnity on the ground that his father was haif owner with Mora in the seized estates, and one for a large amenut by a person who claims to have held a mortgage on the estate.

It is believed at the state department

that these claims eventually must be passed upon by the courts and from the amounts involved the claimants doubtless will not be contented with anything less than the decision of the supreme court, in which case the department may be enjoined against any disbursements of the fund for an indefinite

British Ship Long Overdue.

SAN FRANCISCO, Sept. 21.—On Feb. 27, 1895, the four-masted British ship Stoneleigh left Melbourne for London and is now 210 days out. Hope for her sufety is beginning to be abandoned and it is feared the craft with her crew and passengers have gone down off Cape Horn. If such is the case about 36 lives have been lost. A SUDDEN SUMMONS.

Heart Disease Caused the Death of Court convenes Monday. Mr. John Gleason Early Last Evening.

The friends of Mr. John Gleason were shocked by the news of his death last one session a day until the weather gets evenlng. He had been troubled with cooler. disease of the heart a year or so, but was able to go about yesterday, and in the afternoon was out near the mouth of Limestone Creek where the contractors are at work on the improvements to the C. and O. He returned about 5 o'clock and compiained of feeling bad. Going up stairs he lay down to rest. An hour or so later when his wife went to eall him for supper, she was shocked on finding him unconscious. He nover rallied, his death resulting at the hour named.

Deceased was forty-one years old, and leaves a wife, and one daughter by a formor marriage. The funeral will occur to-morrow at 2 p. m. at the home of the family, eorner Front and Limestone. Burial at Washington.

MAYSLICK SOCIETY NOTES.

Mr. and Mrs. James S. Pogue Entertained Their Young Friends Wednesday Evening.

Mr. and Mrs. James S. Pogue's new home near Mayslick presented a brilliant appearance Wednesday night when lighted up to receive their young friends of the neighborhood. The crowd, of beauty and grace, added much to the brilliancy. There were tables for cards and the broad vine-clad porch served as a delightful dancing pavilion, where the formerly admired and lovely moon-flower hung its head as if in acknowledged eclipse by the bright galaxy of belles and beaux there assembled, who were Misses Marguerite Robb, Jenule Brough, Bessie Prather, Alberta Caldwell, Lucy Masterson, Birdie Pogue, Francis Duncan, Lizzie and Addie Gooding, May Miller, Scottie Laytham. Mlss Johnston, of Greenfield, Ill., and Miss Jessie Yancey, of Maysville, were those from a distance that "lent enchantment to the view," two charming young ladies. The gentlemen were: Messrs. Harry Yancey, William Gooding, Seymour Myall, Robert Yancey, Eli Pogue, Willie Robb, Jim Raymond, Fred Fox, Enos Myall, Claybourne Fox, Jas. Williams, John Laytham, George Longnecker and Willet Darnall. Supper was served at 11 o'clock, after which dancing continued until the wee sma'

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her lile. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's drug store. BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successini speculation lu Grain, Provisions and Stock.

FOR EACH DOLLAR INVESTED can be made by our...... 10.00 Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a weii-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this pian are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our pian does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

whether the market rises or falls it brings a steady profit that piles up enormously in a short time.
